

Nicholls State University
Request for a Faculty/Staff Academic Computing Account
(Account on the Student Server)

All Faculty/Staff Accounts on the student server will be created with the same account name as on the Administrative Server (NSUNET) – No Exceptions!!!

Faculty/Staff Accounts on the student server are subject to the same rules/policies as the Student Academic Computing Accounts.

Faculty/Staff Accounts on the student server will expire each **Fall**. Faculty/Staff will be notified approximately a week prior to the expiration. If a current form is turned in prior to the expiration, the expiration will be extended to the next Fall with no loss in service on the account.

Reason for Account: *(Please check all that apply.)*

- I teach a class in a computer lab and I require network access to login to the student server.
- The instructor's computer in a classroom where I teach requires network access to login to the student server.
- I frequently use a computer lab on campus that requires network access to login to the student server.
- I use my e-mail account on the student server to keep my e-mail from students separate from my e-mail for NSU business.
- I require access to my e-mail through an Internet browser.
- Other _____

I am requesting: *(Check one)*

- Network Access Only** **E-Mail Only** **Both Network Access & E-mail**
